Rhode Island Families for School Choice is working to increase the legislatively imposed cap on the Rhode Island Corporate Tax Credit Program from \$1.5 million to \$5 million. Successful passage of this legislation in 2019 will mean more scholarship funds available for students in schools of choice. It is important that the Rhode Island General Assembly supports this initiative. One way you can help is being present at this event and by emailing your local Senator and Representative. RIFSC is offering reimbursement on school bus expenses for this event. To register, or for more information, please contact Sheila Konis: sheilamk4@gmail.com.
